

SWERVE

— R A N G E —

Light as you imagined

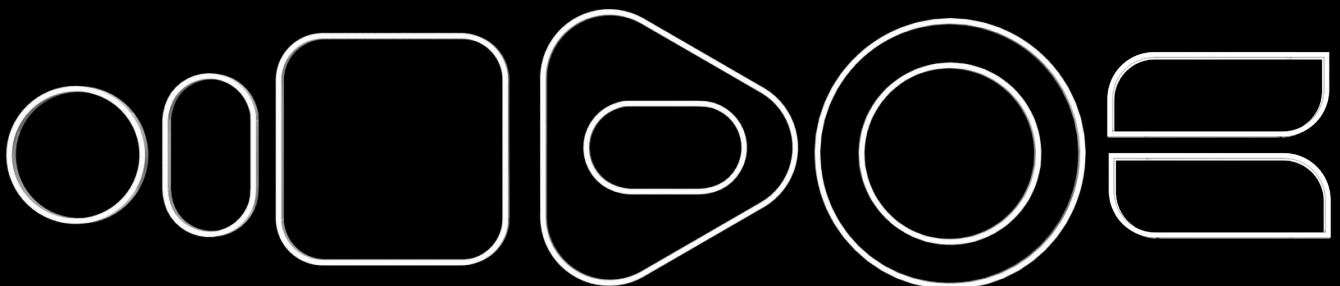

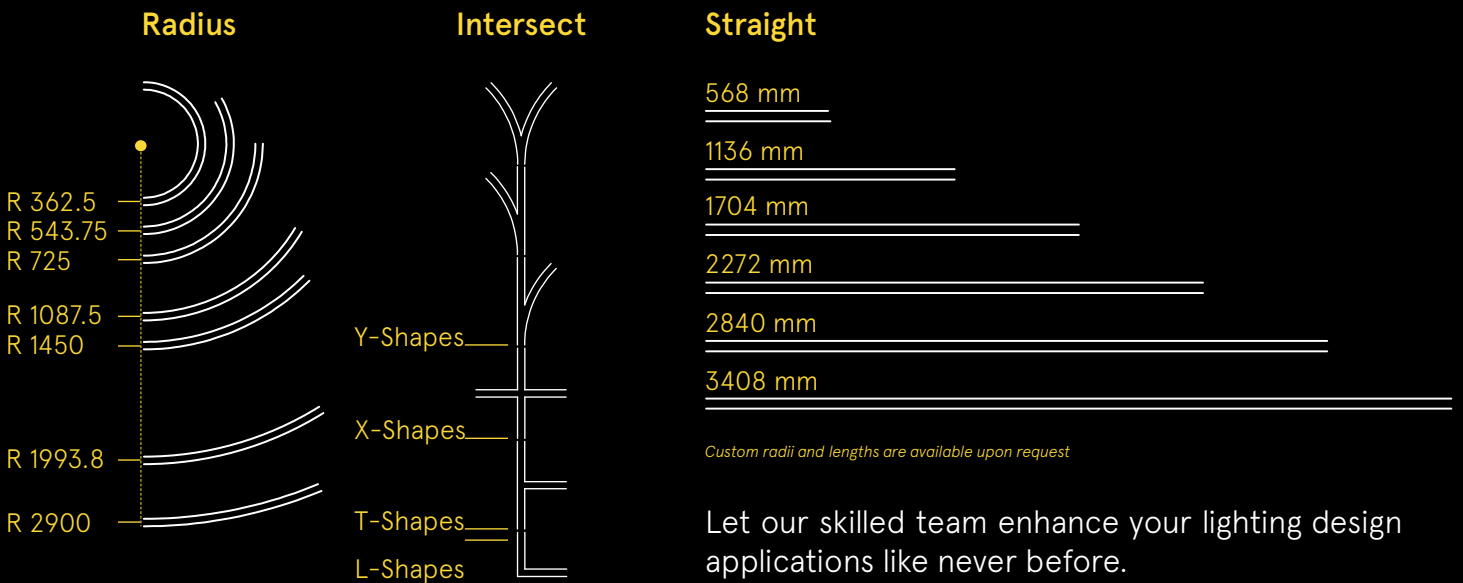

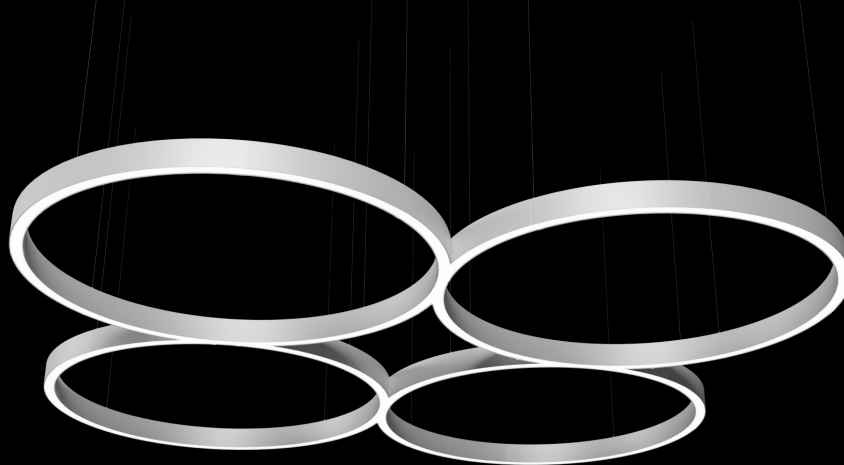

Swerve

Create your lighting identity - curated to your space - with the Swerve range from mLight. With physical and illumination configurations that are essentially endless, this profile range compliments any interior that demands a stylish visual lighting statement.

Endless Configurations

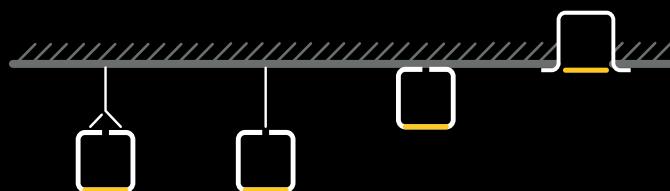

The Swerve range offers aesthetic flexibility in how you configure the interior environment. With specified and custom lengths, curves, and shapes, you can unleash your lighting designs to create luminaires that integrate with life beautifully.

Mounting Methods

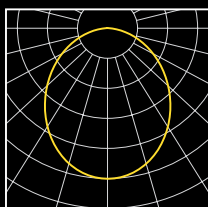

Suiting all of your installation requirements, the Swerve range can be dominant or subtle in interior spaces. The design choice is in your hands. Installation is hassle-free using our mConnect joining system.

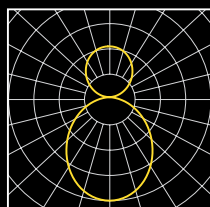

Fulfil your Lighting Vision

Amplify your interior ambience with excellent lighting. Swerve can light up your space with direct, indirect or a combination of both options.
