

ZELLE

— LIGHTING SYSTEM —

Evolve with beautiful flexibility

ZELLE LIGHTING SYSTEM

Your spaces are alive and ever-changing, and now there is a beautiful lighting system that transforms with them. The Zelle Lighting System enhances your design with **low glare optics** and **interchangeable attachments** in an easy to use 48V magnetic track allowing for true freedom in flexibility.

A Transformation in lighting

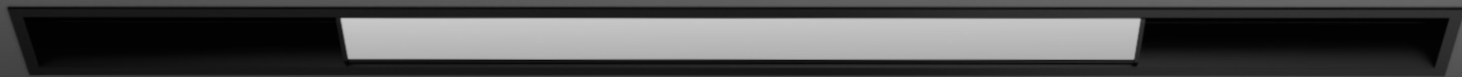

Your space requires dynamic lighting solutions. The Zelle Lighting System offers **direct and indirect options** that gently wash the ceiling with an even illumination to create your ideal atmosphere.

Design for designers

Experience **true design freedom and flexibility**: choose the lumen package, track and profile that compliments your space. The choice is all yours.

Endless configurations means endless design options

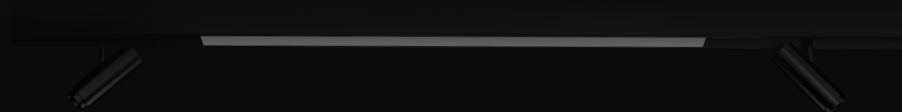

The Zelle Lighting System's exterior profile has screwless end caps and custom lengths. Use **mitre joins** to create continuous lines of light for endless possibilities.

* Min Increments of 1 m

Evolve light for life

The Zelle Lighting System's adjustable spots **create attractive and functional task lighting**. Use the optional indirect diffusers to illuminate other key areas with a soft atmospheric illumination.

Everything from the exterior of the profile can be custom coloured with anodising and a wide range of powder coat finishes. An extensive selection of **colours and finishes** provides designers with the confidence that the lighting will complement or seamlessly blend into any space.

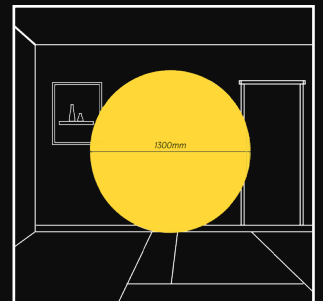

ACCESSORIES

Dynamically change your atmosphere

The Zelle Lighting System offers simple and easy-to-use configurations, including **fixed spots**, **adjustable spots**, and **linear modules** with glare control optics, allowing flexible lighting solutions for a wide range of applications.

Macro Spot

The Macro Spot illuminates a **broader range with higher output**. Macro Spots offer 1000-1500 lumen, with a medium beam angle of 38° and 75mm per spot diameter.

Zelle Macro Spots
Beam Dia. 1300mm

Zoom Spot

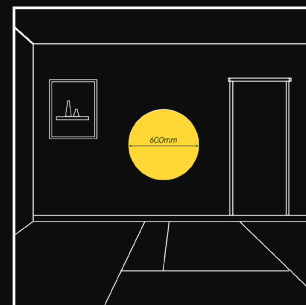

The Zoom Spot offers a flexible lighting solution with adjustable beam angles **from 8° (narrow) to 45°(wide)** with a diameter of 60mm per spot and can adjust to **tilt to 100°**.

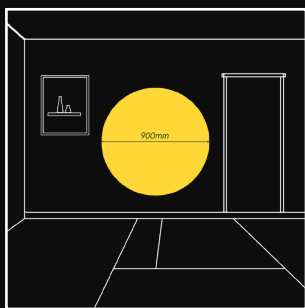

Zelle Zoom Spots with
Optics 8°
Beam Dia. 400mm

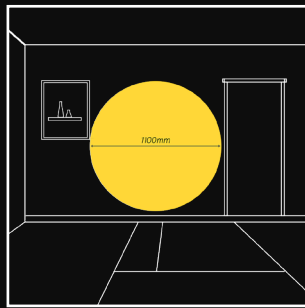

Zelle Zoom Spots with
Optics 10°
Beam Dia. 450mm

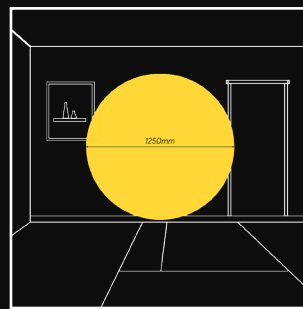

Zelle Zoom Spots with
Optics 15°
Beam Dia. 600mm

Zelle Zoom Spots with
Optics 24°
Beam Dia. 900mm

Zelle Zoom Spots with
Optics 36°
Beam Dia. 1100mm

Zelle Zoom Spots with
Optics 45°
Beam Dia. 1250mm

Track System Linear Module

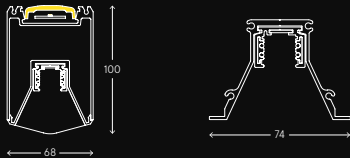

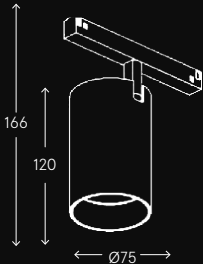

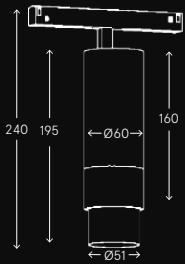

Light up a bigger space: the Linear Track System with glare control optics covers a much wider area. Snap on the magnetic **48V SELV-mounted Linear Track module** to instantly brighten up your whole space.

Choose the right light

Dynamically change and control your light with **DALI-2** - each module spot light and linear is individually assignable and independantly controllable.
